

iMTduo 2020 Cancellation Notice

Under the circumstances of global business being severely impacted by the COVID-19, the organizers of iMTduo 2020 decided to cancel the show after comprehensive consideration. We'll see you again in 2022.

TAITRA and TAMI will continuously assist exhibitors in exploring opportunities with digital marketing tools. The online integrated services, including machinery joint online exhibition (www.machineryshow.tw), online sourcing meetings, and Taiwan Trade Shows Webinar, have launched to stay ahead of business.

We'll see you again soon in 2022 and look forward to your continuous support and participation.
